UNIVERSITÄRE PSYCHIATRISCHE DIENSTE BERN (UPD)

Inaugural Symposium SGIP-SSPI and General Assembly 2020

Thursday, Mai 28th 2020, 12:30 a.m. – 6:00 p.m.
Festsaal, Universitäre Psychiatrische Dienste Bern (UPD),
Bolligenstrasse 111, 3000 Bern 60

Dear colleagues

The SGIP-SSPI is proud to announce the first Symposium on Interventional Psychiatry. Interventional Psychiatry covers the application of newer, mainly electrical methods for the treatment of psychiatric disorders, namely affective disorders and positive as well as negative symptoms in schizophrenia. The currently most used methods are electro convulsion therapy (ECT), transcranial magnetic stimulation (TMS) and transcranial direct current stimulation (tDCS). However, in some cases, even deep brain stimulation (DBS) can be the method of choice.
In particular, this symposium shall draw the attention of our young colleagues in training to the upcoming and growing field of Interventional Psychiatry. Therefore, the symposium can be part of the post-graduate training in the field of Interventional Psychiatry. Further, we aim to reach those psychiatrists in private practice who want to learn about the currently applied routine interventions and future perspectives emerging from scientific laboratories. Finally, we welcome young Swiss scientists to tell us what is happening in their laboratories today, and what might be used tomorrow.

The symposium program will cover all relevant areas of the currently used methods in the most common clinical indications. National and international experts will share their knowledge.
Beyond the science, the symposium offers the opportunity to get to know the SGIP-SSPI and the people behind. You will have ample opportunities to inform yourself, to exchange, to network and socialize. And the end of the afternoon will certainly offer the opportunity to have a good time together.

With this in mind, I am looking forward to your participation and to welcoming you personally on May 28th, 2020 here in Bern.

Prof. Dr. med. Daniela Hubl
President SGIP-SSPI

Dr. med. Fady Rachid
Vice president SGIP-SSPI

Event

Thursday, Mai 28th 2020
12:30 a.m. – 6:00 p.m.

Organisation

Prof. Dr. med. Daniela Hubl
President SGIP-SSPI

Rekha Nandedkar
Secretary SGIP-SSPI

Email registration until April 20th 2020 to: sekretariat@sgip-sspi.ch

The registration should implicitly include:
Academic title, surname, first name, institution, address incl. place, Apéro yes/no

Accreditation
4 credits (SGPP, SGIP-SSPI)

Program

12:30 p.m.	**General Assembly of the SGIP-SSPI** Members of the SGIP-SSPI
1:30 p.m.	**Arrival** Participants of the symposium
2:00 p.m.	**Welcome and Introduction** Daniela Hubl
	Session I Chair Thomas Müller
2:10 p.m.	**Interventional Methods in the treatment of depressions** Anette Brühl
2:45 p.m.	**Transcranial magnetic stimulation: Current practice and research frontiers** Berthold Langguth
3:20 p.m.	Pause
3:45 p.m.	**Session II Chair Sebastian Olbrich** **Swiss Young Scientists: Data Flashes**
4:45 p.m.	**Deep brain stimulation in psychiatry: challenges and chances of a novel treatment option** Sebastian Walther
5:20 p.m.	**Coming from science: Can – or must – tDCS be implemented in psychiatric routine tomorrow?** Jérome Brunelin
5:55 p.m.	**Farewell** Fady Rachid
6:05 p.m.	**Apéro**

Speakers

(alphabetical)

Jérome Brunelin PhD, HDR
Head of the Center Hospitalier le vinatier
Centre de recherche en neurosicience
Univeristé Claude Bernard, Lyon, FR

PD Dr. med. Annette Brühl
Head of the Center for Depression, Anxiety and Psychotherapy, University Hospital for Psychiatry and Psychotherapy, University of Zürich, CH

Prof. Dr. med. Daniela Hubl
Vice Head of the outpatient department, University Hospital of Psychiatry and Psychotherapy, University of Bern, CH

Prof. Dr. med. Berthold Langguth
Head of the Center of Neuromodulation at the Bezirksklinikum Regensburg, University Hospital for Psychiatry and Psychotherapy, University of Regensburg, DE

Prof. Dr. med. Thomas Müller
Head and Director, Privatklinik Meiringen, Willingen, CH

PD Dr. med. Sebastian Olbrich
Vice head of the Center for social psychiatry, University Hospital for Psychiatry and Psychotherapy, University of Zürich, CH

Prof. Dr. med. Sebastian Walther
Head of the outpatient department and vice director, University Hospital of Psychiatry and Psychotherapy, University of Bern, CH
